

*Schedule revision for 2022...*

*I'm sure everyone is well aware of the difficulties all businesses are having in hiring team members and unfortunately we are no different, despite increasing our wages approximately 25% and continuing to be flexible on the work schedule, besides extensively promoting that we need guards and pay for training.*

*In the hiring situation we are currently in, despite all efforts we could put forth, we have made the hard decision that **during the 2022 season** we will be open Wednesday thru Sunday (closed Monday & Tuesday) so that we are able to safely operate 100% of the attractions when we are open. Note...we will be open Mondays July 4th & Labor Day.*

*For complete operating schedule, please check here >*
